Dear Parents and Carers,

Re: Monday 6th July 2026

As many families continue to enjoy the Football World Cup, we know that some children may be looking forward to watching England's next match on Sunday night.

We recognise that families will make their own decisions about whether to stay up to watch the match together. Whatever those choices may be, our schools will be open as normal on Monday, and we look forward to welcoming all pupils at the usual start time, ready to learn.

At our schools, we know that every day really does matter with regular attendance and punctuality playing an important role in supporting children's learning, wellbeing and achievement. We really appreciate your support in helping keep your child's morning routine on track so they arrive on time, giving them the very best opportunity to succeed.

Thank you for your continued support and understanding. Working together with all our parents to ensure every child has the best start in life preparing for their future is very important to us. We hope everyone enjoying the tournament has a fantastic evening, and we look forward to seeing all of our pupils on Monday morning at the normal time.

We are delivering normal lessons right up until the end of term with some positive enrichment activities for all students to participate in making the most of every day.

Kind regards,

Co-op Academies Trust
